

when posted at a conspicuous place on the Properties from time to time designated by the Association for such purpose.

Section 12. Maintenance of Common Areas. The Association must repair, replace and maintain the roofs, gutters, downspouts, lawns, shrubs, landscaping, walks, fencing, exterior building surfaces, windows, doors, trim members, driveways, and other exterior improvements and attachments from time to time situated on the common area, including the side of a fence or wall for the common area which is located on the property. The assessment for such improvements shall be assessed only against the Lots benefited thereby, in the sole judgment of the Association.

ARTICLE III OPERATION, MAINTENANCE AND MONITORING OF SURFACE WATER MANAGEMENT SYSTEM FACILITIES

Section 1. The Association shall maintain, as part of the common elements, drainage structures for the properties and comply with conditions of the permits from the Southwest Florida Water Management District (District) for the drainage system. The Association, shall, when requested by Declarant, accept transfer of any District permit for the Properties (now known as Canterbury Lakes). The conditions may include monitoring and record keeping schedules, and maintenance of drainage systems and mitigation areas.

Section 2. Water quality data for the water discharged from the permittee's property or into the surface waters of the state shall be submitted to the District as required. Parameters to be monitored may include those listed in Chapter 17-3 of the Florida Administrative Code. Analyses shall be performed according to procedures outlined in the current edition of Standard Methods for the Examination of Water and Wastewater by American Public Health Association of Methods for Chemical Analyses of Water and Wastes by the U.S. Environmental Protection Agency. If water quality data are required, the permittee shall provide data as required on volume of water discharged, including total volume discharged during the days of sampling and total monthly discharge from the Property or into surface waters of the State.

Section 3. The Association agrees to operate and maintain the system, including mitigation areas, and shall maintain sufficient ownership so that it has control over all water management facilities authorized.

Section 4. The Association shall hold and save the District harmless from any and all damages, claims, or liabilities which may arise by reason of the operation, maintenance or use of any facility authorized by the permit.

Section 5. The Association shall at all times properly operate and maintain the systems of treatment and control (and related appurtenances) that are installed or used to achieve compliance with conditions of the permit, as required by the District. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by District rules.

Section 6. The Association, specifically agrees to allow authorized District personnel, upon presentation of credentials or other documents as may be required by law, access to the premises, at reasonable times, where the permitted activity is located or conducted; for the purposes of inspection and testing to determine compliance with this permit and District regulations, such as:

- a. having access to and copying any records that must be kept under the conditions of the permit;
- b. inspecting the facility, equipment, practices, or operations regulated or required under the permit;
- c. sampling or monitoring any substances or parameters at any location reasonably necessary to assure compliance with the permit or District rules; and
- d. gathering of data and information.

Reasonable time may depend on the nature of the concern being investigated.

Section 7. The Lot Owners shall not remove native vegetation (including cattails) that becomes established within the wet detention ponds abutting their property. Removal includes dredging, the application of herbicide, and cutting and the introduction of grass carp. Lot owners shall address any question regarding authorized activities within the wet detention pond to the Southwest Florida Water Management District, Tampa Permitting Office, Surface Water Regulation Manager.

Section 8. No construction activities may be conducted relative to any portion of the Surface Water Management System Facilities. Prohibited activities include, but are not limited to: digging or excavating; depositing fill, debris, or any other material or item; constructing or altering any water control structure; or any other construction to modify the Surface Water Management System Facilities. No vegetation in a wetland mitigation area or wet detention pond shall be removed, cut, trimmed or sprayed with herbicide without specific written approval from the Southwest Florida Water Management District. Construction and maintenance activities which are consistent with the design and permit conditions approved by the Southwest Florida Water Management District in the Environmental Resource Permit may be conducted without specific approval from the District.

Section 9. No Owner of Property within the subdivision may construct or maintain any building, residence, or structure, or undertake or perform any activity in the wetlands,

wetland mitigation areas, buffer areas, upland conservation areas and drainage easements described in the approved permit and recorded plat of the subdivision, unless prior approval is received from the Southwest Florida Water Management District Tampa Regulation Department.

ARTICLE IV THE ASSOCIATION

Section 1. Membership. Every Owner of a Lot is a Member of the Association. If title to a Lot is held by more than one person, each such person is a Member. An Owner of more than one Lot is entitled to one membership for each Lot owned. Each membership is appurtenant to the Lot upon which it is based and it is transferred automatically by conveyance of title to that Lot and may not be separated from ownership of a Lot. No person except an Owner may be a Member of the Association, and a membership in the Association may not be transferred except by transfer of title to a Lot. An Owner who is a contract seller may assign such Owner's membership and voting rights to such Owner's vendee in possession.

Section 2. Voting. The Association shall have two classes of voting membership:

Class A. Class A members shall be all Owners of single-family Lots, with the exception of the Declarant (as defined in the Declaration), and shall be entitled to one vote for each Lot owned.

Class B. The Class B member shall be the Declarant, and shall be entitled to three (3) votes for each lot owned. The Class B membership shall cease and be converted to Class A, membership on the happening of the following events, whichever occurs earlier:

- (a) when the total votes outstanding in the Class A membership equal the total votes outstanding in the Class B membership including Class B votes for all units Declarant intends to annex; or
- (b) on the anniversary date ten years from the date when the first Lot is conveyed to an individual purchaser; or
- (c) on a date when the Declarant shall record a notice terminating its Class B membership status.

When more than one person holds an interest in any Lot, all such persons shall be members. The vote for such Lot shall be exercised as they determine, but in no event shall more than one vote be cast with respect to any Lot.

Section 3. Common Area. Subject to the rights and duties of Owners set forth in this Declaration, the Association has exclusive management and control of the Common Area, its improvements if any, and all related furnishings, equipment, fencing and other personal property, if any. The Association's duties with respect to the Common Area include the management and operation of, improvements, equipment and personal property installed by the Declarant on the Common Area, so as to keep all of the foregoing in good, clean substantial, attractive, sanitary,
